# The Scheining

---

- How do you get a Schein?
  - Contribution and constant participation
  - Demonstration of acquired skills
  - Project success = Client Acceptance
- How do you get a *good* grade?
  - Contribution above average
- How does *everyone* get a good grade?
- **Client Admiration, not merely Acceptance ;^)**

# Status

# Client Acceptance Criteria

---

Max	Current	Integration Tasks
3	2	World algorithm
